

Snap on insulating cover attaches to studs and allows unobstructed wire access

Recessed mounting holes eliminate accidental shorts to aluminum and steel mounting surfaces

Stainless steel studs allow high torquing for excellent electrical contact

UL 94-V0 rated base material resists high heat

**Busbar:**

- Raised to provide easy access to multiple wires on a single screw or stud
- Pressed-on eliminating the need for a securing nut
- Tin-plated copper for maximum conductivity and corrosion resistance
