

THERMO TOP EVO 2250.00 INC VAT INC FITTIN KIT

THRMO 50 NOW DISCONTINUED

The new Thermo Top Evo parking heater generation has been developed especially for new vehicles and those with restricted installation space. This means that the vehicle is ready to start quickly and reliably. Icy windows can be defrosted within a very short time and the cabin heats up very quickly. There is a choice of three heating capacities, depending on the size of the vehicle. Thanks to its innovative control system, the Thermo Top Evo 5+ can be used to heat up very large interiors.

Extremely small and a great space saver Weighing 2.1 kg, this is the lightest heater in its class Efficient and stable heating capacity Low fuel consumption and minimal emissions in operation Available in various heating capacity options Vehicle-specific installation kits for the most common models Available for retrofit and as original equipment
